Kailyn Nygren

Hi Kailyn,

Thank you for giving us the opportunity to prepare this quote for you. My team and I know you have choices when it comes to the caterer you use, and we are excited about helping you with your event.

On the following page, you'll find a breakdown of estimated charges for our Holiday Package.

We know it takes time to make a these big decisions so once a quote is sent, we will put a soft hold on your date for 7 days. If we get contacted within that 7 days for that date, we will contact you to give you the option to book first. If you are contacted, please be sure to respond within 24 hours or the date will be released. Your date is not secure until you have the signed contract and placed a deposit.

Please feel free to contact me with any questions.

Looking forward to working together!
